6 Years of experience

Professional Bio:

Andreas Paloumpis is a strategic operations and project management professional with 6+ years of progressive experience leading teams and projects, optimizing operational workflows, and managing senior stakeholders. He has a proven ability to navigate budgeting, build and lead cross-functional operations and strategic projects, and drive systems change in dynamic, matrixed environments. Andreas is adept at translating big-picture goals into efficient, scalable processes—from financial planning and vendor oversight to talent initiatives and internal communications. Known for bringing clarity, structure, strategic discipline and a good sense of humor to high-stakes, fast-moving settings.

Skills & Expertise:

Program/Project Management; Proposal Writing; Monitoring, Evaluation, and Learning (MEL); Budget & Finance; Strategic Planning

Sectors of Work:

International Development; Diplomacy & Foreign Affairs; Democracy & Governance
